Call for Proposals - Overview

The CIES 2012 Conference Committee is inviting proposals that will be informative and relevant, informed by theory and research, and encourage opportunities for intellectual engagement. We hope that CIES 2012 will stimulate and provoke new dialogue and discussion around old and new topics in comparative education.

We welcome proposals for individual paper submissions, group panel submissions, and workshops. Please follow the links for instructions and guidelines for each type of submission.

CIES uses a centralized on-line submission system accessed through the conference web site. All proposals must be submitted via this site: http://convention2.allacademic.com/one/cies/cies12/.

General Policies

a) Meeting the submission deadline. The submission system opens on July 18, 2011, and closes on October 31st, 2011 at 11:59 pm Pacific Time. No late submissions will be accepted.

b) Participant attendance requirement. All presenting authors of accepted papers and participants in all accepted sessions are expected to attend the conference and be present at the scheduled sessions. If an emergency or other circumstance prevents a presenting author from attending the Annual Meeting, he or she must immediately notify the CIES 2012 office and program chair.

c) Participation limits. To promote broad participation in the meeting, individuals will be limited to one individual paper presentation. However, an individual may also serve as chair or discussant in addition to his or her presentation. In cases where an individual is participating in a group panel, that person may also present an individual paper provided that the content is substantially different.
