FORWARD

This document encompasses the procedures and policies for the administration and governance of intercollegiate athletics for the Penn State University Athletic Conference (PSUAC).

The Penn State University Athletic Conference features student athletes who receive no financial aid related to their athletic ability and participation. Athletic departments are staffed and funded via policies and priority-setting affecting all departments in the University. PSUAC athletic departments place special importance on the impact of athletics on the participants, rather than on the spectator. The student athlete experience is of paramount concern. PSUAC encourages participation by maximizing the number and variety of athletic opportunities available to students, placing primary emphasis on regional in-season and conference competition.

In addition to Conference play, most Penn State campuses compete in non-conference competition with institutions from other intercollegiate athletic conferences. Such affiliations with institutions of similar enrollments and programs provide additional opportunities for PSUAC student athletes.

Effective fall of 2008, the PSUAC became a participating conference of the United States Collegiate Athletic Association (USCAA) which conducts national championships. The PSUAC champion will receive an automatic bid to the USCAA National Championship.

Student athletes of the Penn State University Athletic Conference are students in good standing. Member athletes abide by the Faculty Senate rule 67-00 for student/athletes, The Penn State Principles, and enjoy the rights, privileges, and responsibilities of all student-athletes representing the University though intercollegiate athletic competition.

The provisions set forth in this document govern all PSUAC participating campuses, student athletes and coaches, and other support personnel of the Penn State University Athletic Conference.
PENN STATE PRINCIPLES

The Pennsylvania State University is a community dedicated to personal and academic excellence. The Penn State Principles embody the values that our students, faculty, staff, administration, and alumni possess. It is understood that members of the Penn State community agree to abide by the Principles to ensure that Penn State is a thriving environment for living and learning. By endorsing these common principles, members of the community contribute to the traditions and scholarly heritage left by those who preceded them and promise to leave Penn State a better place for those who follow.

I will respect the dignity of all individuals within the Penn State community.

The University is committed to creating and maintaining an educational environment that respects the right of all individuals to participate fully in the community. Actions motivated by hate, prejudice, or intolerance violate this principle. I will not engage in any behaviors that compromise or demean the dignity of individuals or groups, including intimidation, stalking, harassment, discrimination, taunting, ridiculing, insulting, or acts of violence. I will demonstrate respect for others by striving to learn from differences between people, ideas, and opinions and by avoiding behaviors that inhibit the ability of other community members to feel safe or welcome as they pursue their academic goals.

I will practice academic integrity.

Academic integrity is a basic guiding principle for all academic activity at Penn State University, allowing the pursuit of scholarly activity in an open, honest, and responsible manner. In accordance with the University’s Code of Conduct, I will practice integrity in regard to all academic assignments. I will not engage in or tolerate acts of falsification, misrepresentation or deception because such acts of dishonesty violate the fundamental ethical principles of the University community and compromise the worth of work completed by others.

I will demonstrate social and personal responsibility.

The University is a community that promotes learning; any behaviors that are inconsistent with that goal are unacceptable. Irresponsible behaviors, including alcohol or drug abuse and the use of violence against people or property, undermine the educational climate by threatening the physical and mental health of members of the community. I will exercise personal responsibility for my actions and I will make sure that my actions do not interfere with the academic and social environment of the University. I will maintain a high standard of behavior by adhering to the Code of Conduct and respecting the rights of others.

I will be responsible for my own academic progress and agree to comply with all University policies.

The University allows students to identify and achieve their academic goals by providing the information needed to plan the chosen program of study and the necessary educational opportunities, but students assume final responsibility for course scheduling, program planning, and the successful completion of graduation requirements. I will be responsible for seeking the academic and career information needed to meet my educational goals by becoming knowledgeable about the relevant policies, procedures, and rules of the University and academic program, by consulting and meeting with my adviser, and by successfully completing all of the requirements for graduation.

The Pennsylvania State University is a community dedicated to personal and academic excellence. The Penn State Principles embody the values that our students, faculty,
staff, administration, and alumni possess. It is understood that members of the Penn State community agree to abide by the Principles to ensure that Penn State is a thriving environment for living and learning. By endorsing these common principles, members of the community contribute to the traditions and scholarly heritage left by those who preceded them and promise to leave Penn State a better place for those who follow.

   i. It shall be the joint responsibility of the Senate CIA and the campus Athletic Directors to enforce these limitations.
   ii. Class hours missed are calculated in relation to team departure time or report time for a home contest. The calculation is based only on classes missed before 5:00 PM, unless a program has made arrangements for its student athletes to receive priority registration.
iii. Home athletic contests in which student-athletes miss class time shall count toward the 75-hour rule.

d. Participation by teams or individual team members in special events outside approved scheduled events must be approved by the Senate CIA at least 10 days prior to participation. As in all events, the special events must be in compliance with Penn State University, PSUAC, USCAA and/or NCAA regulations.

The FAR will also verify that the number of games scheduled is in compliance with Article 10.3 (Limitations on the number of athletic contests) as set forth by these regulations.

a. The Council of Athletic Directors should coordinate non-conference competition for members to ensure that conference scheduling is not hindered by external scheduling arrangements.

b. PSUAC member campuses should make appropriate scheduling accommodations for any campus in good standing leaving the Conference. Departing campuses would remain eligible to compete with member campuses in non-conference competitions but would not be eligible to compete for conference championships or in conference tournaments where their participation would affect tournament standings. (Note that in sports such as golf and cross country, where non-member participation would not affect standings, non-member participation may be appropriate.)

When possible, arrangements will be made by the local athletic department for group physical examinations on campus.

15.1.1 Certification for Participation
In the PSUAC Intercollegiate Athletic Program, at no time and in no instance is a student permitted to practice or participate in the athletic program until approved by the campus Athletic Director. Each participant must submit to the Campus Nurse, Campus Certified Athletic Trainer or Athletic Director:

2. If applicable, an affidavit of no insurance (Appendix H).

15.1.2 Participation in More Than One Sport

1. The campus nurse, Certified Athletic Trainer or Athletic Director (for campuses without a nurse or CAT) will verify the student’s eligibility when the completed current pre-participation physical examination form has been returned to his/ her office to be placed in the student’s medical file.

APPENDIX A
**BOB MCCLOSKEY INSURANCE/BMI BENEFITS**

Bob McCloskey Insurance provides benefits for all students for the treatment of bodily injury resulting from accidents occurring during the practice and play of intercollegiate sports (which may include other activities as specified in your policy).

**CLAIM FORM**

1. The claim form must be completed in full and signed by the appropriate school official. Please be sure to detail accident information, include part of the body injured, how the injury occurred and the particular sport. A separate claim form (Part 1A) is required for each injury.

2. Please have the student complete Part 1B of our claim form in full (parent/insured information). We recommend that medical history and parent insurance information forms be completed prior to any athletic participation. Please keep this information on file in your office. If you institution provides their own parent insurance information forms, please attach a completed copy to Part 1A of our claim form. If there is no evidence of other valid and collectible insurance, we must still receive the completed form to process the claim. If you do not have this information on file, Part 1B must be completed in full before any payment of benefits can be considered.

3. If the student does not have contact with a parent, please indicate this in Part 1B. Students that are independent of their parents need to write a short letter indicating this information. The letter must be signed by the student and dated.

4. Please have the student sign and date the portion of the claim from indicated “Medical information authorization/Assignment of benefits”.

**ITEMIZED BILLS**

1. Attach itemized copies of all applicable bills, including those bills under any deductible your plan may have. Also, include those bills paid partially or in full by other insurance. Bills showing only “balance forward” or “balance due” are not acceptable.

2. An itemized bill indicates the provider of service’s full name and mailing address, type of service, date of service, fee charged and diagnosis. We will request any missing information from the provider of services. To assure quick processing, please be sure that the bill and the insurance statements submitted are for the same item. You will receive a copy of any correspondence. Feel free to offer our toll free number to any provider who wished to contact us.

3. When sending additional bills and other insurance statements, please identify your school’s name and the name of the injured athlete.

**OTHER INSURANCE INFORMATION**

1. Your institution has purchased an insurance plan that provides benefits in excess of those expenses not paid or payable by any other valid or collectible insurance. Without this provision, the cost of athletic insurance would be prohibitive.

2. Along with the itemized bill, include a copy of the explanation of benefits statement from the other insurance carrier. If any or all benefits are denied by other insurance, we...
(3) will need a copy of the denial showing the reason charges were denied (include front and back of explanation of benefits when necessary).

(4) In the event the student is not covered by any other collectible insurance thru the student’s or their parent’s place of employment, we will request a letter from the appropriate employers verifying that no other coverage exists. The student can, also, provide a letter on company letterhead from the necessary employers verifying coverage does not exist at the time the claim is submitted.

**HMO/PPO BENEFITS**

(1) If an injured athlete has these types of insurance plans, we recommend you refer them to their primary care physician or obtain authorization that will allow you to use a non-network provider whenever possible. If it is not possible to use the network and payment of benefits are denied, you must provide us with the written statement of denial. If your institution has purchased a plan that will respond if an injured athlete goes “out of network”. Then benefits will be payable. If this provision is not part of your plan, benefits will be denied.

(2) It is to your advantage to use these services as they can considerably reduce those amounts paid by the excess insurance purchased by your institution. The insurance premiums you pay are based on losses paid by your accident insurance.

**HOW TO FILE A CLAIM**

When filing a claim, please follow these instructions:

- Complete front of claim form, in full
- Sign Medical Authorization and Authorization to Pay Benefits on front of claim form
- Mail to BMI with itemized bills, showing diagnosis, and explanation of benefits from your primary insurance carrier (if applicable).

All itemized bills must include:

1. Patient’s name
2. Patient’s address
3. Diagnosis
4. Date of service
5. Description of service (CPT coding)
6. Medical provider’s name, address, telephone number, and federal tax ID number

- A completed claim form must be submitted for each injury a student sustains.

Keep copies of all claims forms, bills and correspondence for your own records. In order for benefits to be paid, claim forms must be filed with 90 days from the date of injury.

The award was established in honor of Assistant Professor John Egli in recognition of his long standing dedication and devotion to The Pennsylvania State University where he served as a student, athlete, faulty, and coach. Particularly noteworthy and significant was his service and contribution as the first Commonwealth Campus Coordinator of Athletics. Mr. Egli was responsible for the establishment, growth, and development of the high quality athletic programs currently enjoyed by all PSUAC student athletes.

1. Criteria

Selection will be based on the following criteria:

a. A distinguished athletic career in the PSUAC
b. A minimum grade point average of 3.00
c. A full-time student who has completed at least two semesters.
d. Being active in other campus activities in addition to athletics.
e. Exemplify high moral standards, leadership qualities, and outstanding personal character.

2. Procedures

a. Each campus may nominate only (one) outstanding female or male student athlete each other.
b. A student may receive the award only once.
c. Nominations and supporting documentation should be forwarded to the Chair of the Awards Committee by April 1 of the spring semester.
d. Nominations must be made by the campus athletic director. The campus DAA or representative must attest to the student’s high academic standing and the Dean or Chancellor must signify overall approval.
e. The documentation for the nomination cannot be over one (1) page long and should follow the format established in the criteria section above.
f. Evaluation of each candidate will be based on the above criteria using a scale ranking from 1 to 5, 5 being the highest. The student receiving the highest overall rating from the committee members will receive the award. The results of the evaluation by the Awards Committee will be forwarded to the Coordinator of Athletic.
g. Upon selection, the award will be presented to the Annual PSUAC Awards Luncheon held at University Park at the end of the spring semester each year.
THE ROBERT J. SCANNEL ROLL-OF-HONOR

Scannell the former Dean of the College of Health, Physical Education and Recreation and later the Vice President and Dean of the Commonwealth Education System. It was through the efforts and support of Dr. Scannell that the Athletic and Recreational programs were established at the Pennsylvania State University’s Commonwealth Campuses.
