

10. Write an essay (no more than 2 pages) describing your educational background, goals, and scientific/engineering interests. The essay should also contain any additional information you consider relevant to the evaluation of your potential. If applying to multiple centers, you may submit a tailored essay for each.
11. Attach your résumé, which should include the following information if applicable:
- scholarships, fellowships, and awards (locations and dates)
  - academic honors (dates)
  - NASA programs in which you have participated (locations and dates)
  - internships, co-ops, and related research work (locations and dates)
  - citations/list of your publications, including conference proceedings and journal articles

12. **IMPORTANT:**

If selected for this program,

- I authorize The Pennsylvania Space Grant Consortium to release my contact information to NASA Headquarters for the purpose of a longitudinal study of student career choices, and
- I will provide proof that I have health insurance coverage through the summer of 2008, and
- at the conclusion of the program I agree to complete an evaluative questionnaire.
