

1. Greek Pride: A Return to Glory

Dr. Vicky L. Triponey, Vice President for Student Affairs, and staff from the Office of Fraternity and Sorority Life will discuss how the ongoing "Greek Pride" initiative is transforming the University's relationship with fraternities and sororities. Topics will include the recent student planning summits, the development of a renewed vision for Penn State's Greek community, and the pending implementation of minimum and reasonable expectations for the Greek community. Opportunities and challenges in building more positive relationships with current Greek students, national headquarters, alumni, and the State College community will also be discussed.
