WHAT IS THE ECONOMIC IMPACT OF THESE INVESTMENTS?

PENN STATE IS AN ECONOMIC POWERHOUSE

contribution more than $11.6 billion to the state's economy.*

For every $1 in state support received, Penn State generates $1.24 in state tax revenue.

MORE THAN
$11.6 BILLION

contributed to the Pennsylvania economy

AN EQUIVALENT OF
$31.8 MILLION

per day

PENN STATE IS THE 5th LARGEST
non-government employer in PA (source: PA L&I)

SUPPORTS
105,000+

Pennsylvania jobs directly and indirectly

SPANNING THE COMMONWEALTH

PENN STATE’S 24 CAMPUS LOCATIONS

spread the University's economic contributions into communities across Pennsylvania in a way that is unmatched by any other university in the Commonwealth.

Outside of University Park and Penn State Health, Penn State's locations across Pennsylvania combined for more than

$2 BILLION IN ECONOMIC CONTRIBUTIONS

with most of those impacts coming in the county in which each campus is situated.

*Findings based on FY 2017 study, conducted using a model endorsed by the Association of Public Land-Grant Universities (APLU) and the American Association of Universities (AAU), to measure Penn State's annual contribution to Pennsylvania's economy.

HOW DOES PENN STATE USE STATE FUNDING?

ONE COMMUNITY IMPACTING MANY

As a top-25 research university, Penn State educates Pennsylvanians and is a major contributor to the state's economy. A rich land-grant legacy of teaching, research, and service enables educators to solve problems in Pennsylvania communities, while also answering questions on a global scale.

COMMONWEALTH FUNDING IS APPROPRIATED TO PENN STATE IN FIVE WAYS:

1. GENERAL SUPPORT
   $242.1 MILLION

2. AGRICULTURAL LAND SCRIP
   $57.7 MILLION

3. PENNSYLVANIA COLLEGE OF TECHNOLOGY
   $26.7 MILLION

4. PENN STATE HEALTH
   $15.4 MILLION

5. INVENT PENN STATE
   $2.35 MILLION

State appropriations are NOT USED for any athletic programs.
Pennsylvania College of Technology is a Penn State affiliate and a national leader in hands-on applied technology education that is vital to state workforce needs.

Offers signature instruction in diverse and much needed programs like:
- Plastics & Polymer Engineering Technology
- Physician Assistant Studies and Nursing
- Information Assurance & Cyber Security
- Heavy Construction Equipment Technology
- Construction Management
- Welding & Fabrication Engineering Technology

Our mission is to improve health through patient care, research, education and community outreach.

Penn State is a valuable asset to the Commonwealth and horticultural industry sectors that support Pennsylvania's agricultural, food, forestry, landscaping, and horticultural industries. Penn State Extension had more than 26 million total connections in 2020.

Penn State Health is a multi-hospital health system committed to providing quality, high-level care to patients and communities across 29 counties of Pennsylvania.

State funding supports various health-related initiatives and programs that ensure access to quality health care and research including:
- Medical Assistance for Academic Medical Centers
- Regional Cancer Centers (Penn State Cancer Institute)
- Commonwealth Universal Research Enhancement (CURE) funding
- Hemophilia, Cystic Fibrosis, Adult and Pediatric Sickle Cell, and Spinal Bifida
- Primary Health Care Practitioners (Area Health Education Center and Penn State’s Office of Rural Health)
- Autism Intervention and Services (ASERT)

The Invent Penn State LaunchBox & Innovation Network provides access to no-cost business startup support.

These services are offered in partnership with regional economic development authorities and are tailored to meet the unique needs of each community.

Penn State Health’s total (direct & indirect) economic benefit to Pennsylvania’s economy in FY2021 was nearly $6.9 billion based on regional economic multipliers.
