

December 12, 2011

Mark A. Emmert, President
NCAA
P.O. Box 6222
Indianapolis, IN 46206

Dear President Emmert:

President Erickson received your letter dated November 17, 2011, and requested that I respond. During a subsequent telephone call on November 23, 2011, with you, General Counsel, Donald Remy and other NCAA staff, for the purpose of clarifying issues, it became evident that the questions being asked in your letter might be answered in the course of the investigations currently in progress.

The University understands that the NCAA will continue to monitor these investigations and will have access to the report of the Special Investigations Task Force. At that time the NCAA will determine if a further response from the University is necessary. Therefore, the University is requesting an enlargement of time in order to accommodate the above process.

Thank you for your consideration and cooperation. We await your response.

Sincerely,

Cynthia A. Baldwin
Vice-President and General Counsel
The Pennsylvania State University

CAB/lps

cc Dr. Rodney Erickson
